geologists probably
broader. Our first
step should be
specialists like
Oslen - & maybe
a number of geologists -
to work on specific
projects of inter-
national scope. Maybe
they could lead Chinese
to interest in inter-
national correlation

Politicians like to
win. Large fly in
ointment is interest
rates. That's all his
constituents want to
talk about. Interest
rates at present
level will do in
the president's program
because they're
unacceptable.
Interest rates will
come down - if all
else fails, Congress
will bring them down.
Present situation
is intolerable. Implies
that, if rates don't
